Andrew Laming Thanks Sal I remember now. By the time you wrote (or within the time I got your request to re-stray), services had been restored. Now back to our hospital and the \$304Mm ripped out of MetroSouth?

Sally Piracha Andrew Laming Hospital funding is not my area of expertise. Feel free to go back to shouting at Don, Kim and Di Tom.

Andrew Laming Sally Piracha Can I ask that you copy this question and paste it to each of our beloved State Labor MPs. "Dear members, Andrew Laming is making serious claims that State funding to the local hospital service was cut by \$30million last financial year, while his Government increased it by \$30million. He says his data is actually provided by your government to IHPA, which is reported monthly. Can you please clarify this with the exact funding levels for 15/16 and 16/17 and 17/18. Second, of you projected funding levels for 2018/19 already released, what is the State Commonwealth split of that total. Thanks so much for answers to these two questions, Sal."

In a major strategic shift, we are now asking ALP members to cut and paste questions to Queensland Labor MPs in the hope honest answers will be forthcoming. #WishUsLuck
