Labor Candidate for Bowman
23 January at 07:23 ·

Whilst the Labor State Government has increased funding to Metro South Health (which includes Redlands Hospital) from \$2.194 billion to \$2.315 billion in the latest budget, the Federal LNP Government voted in 2013 to cut funding to our Redlands Hospital by \$143.7 million. That sort of cut is equivalent to not funding 86 beds or employing an extra 150 nurses. Check out the link below for methodology and details
