Hi Julie,

Many thanks for sending the draft agenda and content scenarios through. The agenda reads well to me and I can confirm the following participants from Google:

- Myself, s 47F and s 47F (Government Affairs and Public Policy, Google Australia)
- s 47F and/or s 47F (Government Affairs and Public Policy, Google)
- s 47F and s 47F (Trust & Safety, Civics, Google)
- s 47F and s 47F (Commercial Sales, Google Australia).

We are reviewing the scenarios and aim to be in a position to provide some guidance around how to escalate and likely outcomes at the meeting next week.

Kind regards  
s 47F

Hello s 47F and s 47F,

As promised, please find attached for a proposed agenda for our meeting on 22 March. We are in the process of finalising attendees from the Electoral Integrity Assurance Taskforce (EIAT), and will provide a final list

shortly. Grateful for any updates from your side regarding both attendees and items for discussion.

Noting our discussion last year, and the recent visit by **s 47F**, on behalf of the EIAT Board, to your colleagues in the US; we anticipate the EIAT Briefing will include a brief background and discussion of the current environment and review of some emerging themes in electoral mis/disinformation we are encountering as election anticipation increases. Mr Pope is eager to replicate **s 47F** engagement on behalf of the AEC, and provide our perspectives and experience to add to our collective understanding.

Attached is a copy of the Electoral Integrity Assurance Taskforce's online content scenarios [ref. agenda item 4], which demonstrate areas of interest for the EIAT and are examples of where content about the electoral process may breach Commonwealth legislation or a platforms' terms of service. We would appreciate your review ahead of the meeting, consideration of your referral preference against each scenario as relevant to your platforms, and if we therefore need to refine at the advice provided to the AEC mid last year regarding reporting pathways. [email attached]

Acknowledging that not all of the mentioned referrals would come from the AEC and that there is more detail here than we probably wish to get into in that meeting, should you have questions regarding any of the scenarios, happy to also discuss ahead of time, with the involvement of our EIAT colleagues.

Kind regards,

Julie

Wonderful Julie, thanks so much for the enthusiastic response. Let me work with the participants at my end (and timezones!) and come back to you with a preferred date / time.

Kind regards

Good Morning s 47F,

Many thanks for your email, we appreciate you reaching out as we head into the election period.

On behalf of the team, would be fantastic to hear about your electoral integrity work. In order to get all of our relevant staff able to attend, would a portion of any of the below times suit?

Mon 21 March: 1-4pm

Tue 22 March: 1-5pm

Wed 23 March: 1-3pm

Given our proximity to the event, it would be useful for us to also use this time to run through our escalation plans and referral scenarios for content that may breach the Electoral Act or your terms of use? If we provide some documentation ahead of time, I anticipate this would add a maximum of 30mins to the discussion.

Please give me a call if you would like to discuss,

Kind Regards

Julie

Dear Andrew and the AEC team, I hope this email finds you well and feeling rejuvenated after a summer vacation?

With an eye to the upcoming Federal election, we'd like to offer you a briefing on Google's election integrity work from colleagues that have worked on elections in other countries. Just wanted to gauge your interest in such a briefing and if so, when you would like the briefing to take place.

Kind regards
