Dear Dr Isaac Golden,

I refer to your email of 7 April 2022 to the Electoral Commission, in which you have requested a review by the three-person Electoral Commission of the decision of 5 April 2022 to deregister the Health Australia Party and cancel the Party's particulars from the Register of Political Parties.

As per the review rights in the statement of reasons, and in accordance with ss 141(2) and 141(3) of the *Commonwealth Electoral Act 1918*, an application for review must:

- be in writing;
- specify the name of the applicant;
- **specify an address of the applicant;** and
- set out the reasons for making the application.

I note that your application does not contain the address of the applicant. As this is a legislative requirement, I must ask if you intend to lodge an application to please provide the address of the applicant in response to this email.

Yours sincerely,
Adam

Mr Tom Rogers

AEC

Dear Mr Rogers,

**RE: BDPXL8: Notice
under 137(6) to deregister the Health Australia Party (HAP) dated 5/4/2022**

I refer to the above noted decision by Joanne Reid to deregister HAP and I now formally request a review of the decision under S 141(2) of the Electoral Act.

I have sought advice from a number of people, especially Mr Mark Aldridge in Adelaide. The three principal reasons for making this application are:

1. The method used by the AEC to determine our eligibility is not legislated, and we have been advised would not withstand a legal challenge. We have been advised that the direction to submit a list of only 1,650 members is not legislated. We believe that we should have been allowed to submit our full member list of around 3,000 members and allow either the AEC to

demonstrate that we did not have 1,500 members or, conversely allow that list to demonstrate we did have more than 1,500 members.

2. 2. We understand that the 36 members you identified as supporting the registration of another Party were not contacted to inquire if they wished to be considered as members of the HAP, or the other Party, meaning that some probably should have been included in our audit.
3. 3. Unfairness: The AEC denied our request, as a nationally registered Party, to access the ELIAS database for every State and Territory to allow us to confirm that members were correctly enrolled on the electoral rolls. We were only given access to the Victorian database. This materially restricted our ability to correct our national roll (which we had, prior to the second submission, reduced from around 4,000 members to around 3,000 members). That would have meant that the 5 deceased members and the 16 members not able to be matched to the electoral roll would not have been included in our list, and we would have had the opportunity to supply you with a more accurate list.

Mr Aldridge advised us that other issues could be raised, but we believe that the three above issues alone warrant a review and overturning of the decision that the HAP does not have 1,500 members. If, as part of your review, we are required to submit our complete list of members, we would first request that we be given access to the full ELIAS database so that we can prune any deceased or unenrolled people from our list of 3,000. We believe even a further severe pruning would demonstrate we have over 2,500 current members.

We appreciate your consideration of our submission, including your advice as to our current status regarding the election which has not yet been called.

Yours sincerely,

Dr Isaac
Golden
