Phishing attempt against the AEC

- There was a recent 'spear phishing' email campaign against the AEC.
- Up front: AEC systems were **not** compromised in any way and was managed internally. We also engaged the ACSC and continue to liaise with them.

- On 14 November 2022, a series of emails were sent to the AEC's eight Indigenous Electoral Participation Program mailboxes, from the falsified email address support[@]aec.gov.au, with the subject '[email address] have 12 Pending incoming emails'.

- We are sharing this with the EIAT on the basis that despite being contained by the AEC, the campaign appears targeted and somewhat sophisticated.
- It is also a reminder the cyber threat environment for the proposed referendum is unlikely to be lower than for a federal election.
