Hi s 47F

Thanks for your email. I've spoken with the AEC's Media and Digital Engagement team, and we're wondering if **Monday 19 June at 10:00am** would be a suitable time to meet and discuss TikTok's on-platform referendum guide?

Additionally, as you may be aware, the Speaker of the House of Representatives recently announced that a by-election, for the federal electoral division of Fadden, has been called with voting day to be held on **Saturday 15 July 2023**. The Electoral Integrity Assurance Taskforce will again provide assurance to the Australian Electoral Commissioner, and the Australian public, on the integrity of this electoral event. Hoping you can confirm that TikTok's Safety Enforcement Tool (TSET) is the best pathway should we need to refer content and that emat@aec.gov.au, socialmedia@aec.gov.au and authorisationsection@aec.gov.au have been whitelisted to access the tool?

When we last spoke on the phone, you offered to facilitate a short meeting between the AEC and your Trust and Safety team for a brief tutorial on how to use TSET. We'd be interested in taking you up on this offer and wondering if **Thursday 15 June at 11am** would work for your team?

Happy to discuss these meetings further.

Kind regards,

s 47F

Hi s 47F

Hope you have been well.

Just following up on when might be possible to meet (with s 47F team) regarding on-platform communications/PSAs/hub for the Referendum?

Cheers

Hi s 47F

Hoping you're well and thank you for acknowledging receipt of our Regulatory Law teams letter s 47F shared last week.

Recently, we received confirmation that you've transitioned to TikTok's Safety Enforcement Tool (TSET). I'm looking to confirm if socialmedia@aec.gov.au, authorisations@aec.gov.au, and eiata@aec.gov.au are the AEC emails with access the tool?

Happy to discuss if you have any questions or concerns.

Kind regards,

s 47F

Hi folks,

We've received the attached user manual for a TikTok safety enforcement tool yesterday arvo. Unsure what it relates to but if you've been working with them on providing access can you please let them know that s 47F is now our social media head honcho?

Thanks and kind regards,

Good afternoon,

I'm writing to let you know that the Australian Electoral Commission has been successfully on-boarded onto TikTok's Safety Enforcement Tool (TSET).

TSET is TikTok's secure web portal designed to enable our Government partners to easily submit and review content takedown requests. Going forward, you can submit requests through the TSET portal rather than using the s 47G(1) email address. This will enable you to easily track the progress of your agency's ongoing and completed requests, and provides you with direct access to our dedicated Trust & Safety teams.

Please find *attached* a TSET user manual and training video on how to access and use TSET. Please do not hesitate to contact me directly if you have any questions. You can also email s 47G(1) if you ever need support using the portal.
