Hi Twitter,

We are seeking your re-review of this content in line with your Civic Integrity Policy. As outlined in our original referral, the tweet encourages multiple voting and falsely claims it is impossible to be caught. This is false, multiple voting is a crime outlined in Australian electoral laws and detectable by the AEC. The post therefore breaches your Civic Integrity policy, which prohibits users from positing misleading information about established laws and regulations for elections. We would greatly appreciate if the content can be removed as a result of this.

Kind regards,

[REDACTED]
[REDACTED]
Australian Electoral Commission
