Phone number: s47F ^

Electoral division: ^

Complaint Details

I never received any voting paperwork for our union election. i have been on leave and have, as a result of this error, been unable to participate in the voting.^

Expected Outcome

Surely this is a fundamental flaw in due process of the election where members are not receiving necessary information and documents to allow them to equally participate in the voting? I know I am not the only person who did not receive them. How can the result be considered legitimate where clear proceed issues have been known prior to the voting?^
