Good afternoon Mr Castrique

The Australian Democrats logo (attached) has been assessed against the specifications described in [Commonwealth Electoral \(Logo Requirements\) Determination 2016](#).

The logo has not passed validation because:

- Colour other than 100% black used:
Elements must be 100% black within this document. This condition can sometimes be triggered by the inclusion of colour profiles or elements that are white.

The party's application relating to registering a logo will be set aside until the deficiency identified is rectified and an updated logo is either resubmitted or the application withdrawn.

Kind regards
