Subject: Objection to the Women's Party
Date: Sunday, 10 February 2019 4:32:28 PM

I am lodging an objection to the naming of the Women's Party under Section 129 of the Australian Electoral Act.

My objections are as follows:

I object to the name Women's Party on the grounds that it is based on notions of gender rather than that of biological sex and therefore excludes women born women.

The term Women's Party cannot be inclusive of all women when the registered officer of the party is Divvi De Vendre, a transgender born male.
