Hi Angelo,

Yeah, good pick-up by Gus. Thanks Gus.
 The revised numbers are now available and Gus is happy with the numbers. Angelo, when you're free please come over so we can discuss.

I created a file to note the number of records [T:\Operations\BIRE\BI SAS\04 ttabije\data\Number of records.xlsx](#) from the input files to output datasets, for checking.

Thanks,
 Tita

Good guys that you found that problem!

I always assumed that the Federal Enrolment and Enrolment Eligible Population for June 2019 was already been updated on the workbook.

Hi Guy,

We are reviewing the numbers and we suggest you wait until we provide the final numbers before you write the Minute to ELT.
Note that we just noticed that the comparison between 2019 and 2018 looks strange and we just fixed this.

We will provide you with the revised numbers once our team has completed the review.

Thanks,
Tita

Hi All,

Below are the results for 30 June 2019 ATSI enrolment rates for your review for endorsement to RMCE.
Angelo and I have looked at these figures and are both happy with the results.

If you want to see the working file, please see . [T:\Strategic Capability\Strategic Research & Analysis\Research\Polling Places\IEPP & other requests\KPIs\Using 2016 Census Data & Methods\ARIR-Centrelink\Indigenous Enrolment Rate 2019 BENCHMARKED.xlsb](#)

Angelo, as discussed, the only thing we need to check and make sure that is current is the below file. I will have a look and see if I can find a SAS program that outputs "Informality modelling.xlsb" next week. Note that any change in this file will have no effect on the results below.
